SPEAKER BARRETT: LR 7CA passes. For the record, Mr. Clerk.

CLERK: Mr. President, I have a request from a number of the members to add their names to LR 7CA as co-introducer. And that is the only item that I have, Mr. President.

SPEAKER BARRETT: Thank you. The call is raised. Proceeding to item seven, General File, Appropriations Committee bills, Mr. Clerk.

CLERK: Mr. President, LB 1040 was a bill that was introduced by the Speaker at the request of the Governor. (Title read.) The bill was introduced, Mr. President, on January 11 of this year. At that time it was referred to the Appropriations Committee. The bill was advanced to General File. I have committee amendments pending by the Appropriations Committee, Mr. President.

SPEAKER BARRETT: Before recognizing Senator Warner, may I recognize guests of Senator Wehrbein, apparently just leaving the north balcony. We have 10 seniors from Lourdes High School in Nebraska City with their teacher. Please recognize these students. Thank you. On the committee amendments, Senator Warner.

SENATOR WARNER: Mr. President, members of the Legislature, LB 1040 is the bill for...to the distribution of salary adjustments other than in higher education. As you will recall, under LB 661 those units which have entered into negotiations and contracts with the state, the distribution, those of adjustments and salaries for those agencies or those groups are governed by contracts, so the provisions of 1040, in effect, covers other employees who would not otherwise be under contract. There are a series of amendments to the bill, none of which are substantive in the sense that it would change the distribution of salary adjustment from what the act was originally, but I will go through the amendments, in any event. Section one of the bill, by law, will move up all the pay
